Beliefs

We believe all people have value and should be treated with respect.

We believe all people have the right to express their opinion safely.

We believe persistent effort is essential for maximum personal achievement.

We believe learning is a lifelong process essential for personal fulfillment and a productive, democratic society.

We believe moral and ethical values are essential.

We believe all people can develop to their full potential when given the appropriate opportunities.

We believe the ability and willingness to change are essential to growth.

We believe the family is the foundation for the development of the individual.

We believe success is best achieved in a respectful, safe environment.

Objectives

All students will demonstrate the academic and creative skills to be successful in a changing world.

All students will function with respect for themselves.

All students will demonstrate the skills necessary to maintain their physical, emotional and social well-being.

Parameters

We will never engage in an activity that will result in disrespect or discrimination of any individual.

We will never lose sight of the interest, needs and well-being of the individual student.

Opportunity

Our greatest opportunity is to involve stakeholders in planning.

Threat

Our greatest threat is the failure to recognize and address the changing needs of our students.
